# STUDENTS SATISFACTORY SURVEY REPORT

## BY FEEDBACK ANALYSIS (2021-22)

Dr. H. N. Sinha Arts & Commerce College is a multi faculty renowned and one of the famous and old college in tq. Patur with a huge bright history. Total approximate 1599 students from different streams of Arts, Commerce & science are enrolled for different courses in session 2021-22. The college stand milestone in developing the future of many students as it has facilities for undergraduate Postgraduate students from different villages belongs to different districts like washim to take admission and learn.

### **Feedback Collection Strategies:**

The college is always engaged in planning **students centre activity every year for their academic upliftment, developing social responsibility and social awareness among the students.** In order to achieved institutional Excellency, college take feedback from its all stakeholder like its faculty, alumina, parents and most importantly from students. As a part of these, the college yearly conducts satisfactory survey for all its stake holders and always tries to solve their problems and difficulty by means of feedback collection and acting on suggestions. This report is highlighting some of the key findings of student satisfactory survey feedback given by students for the academic year 2021-22.

Students with graduation, post – graduation all stream registered their reply by offline form. **All total 899 respondent reply through their own writing for multiple choice based questioner** which include different **question from academic, institutional & faculties background with more emphasis on teaching- learning process.**

### **A) Status of Students Satisfactory Survey:**

Various aspects has been included in students satisfactory survey analysis with **special emphasis on availability and status of basic facilities, infrastructure**

**availability, teaching and learning strategies, students empowerment and development of various skills for the uplift and better future developments** among students. A questioner had been developed with wide and diverse range of questions which were framed to exactly **pin point the strength and loop hole in academic programming.**

The students satisfactory survey was divided broadly into three categories viz.,

### **1) Status of teachers role, duties and responsibilities:**

Overall survey about the teacher's role in academic teaching and other curricular activities **found excellent in most of the aspects with some area of scope for better achievements.** Teacher approach to teaching and communication skilled with subject preparedness are highly appreciated by all the students. They also admit the **Excellency of teachers informing about expected competencies within students with courses and program outcome. Few suggestion like increasing multiple test, more used of ICT tools, preference for regional language while teaching and explaining in classes.**

Mostly (more than 90%) students assigned the task given by guardian teachers and enjoy concept learning through practical applications. They also satisfied with the strength and encouragement to uplift everyone to overcome every level of challenges. However there are some areas of scope for faculty members to strengthen the tie with students to identify their weakness and for enhancing their learning experiences by adopting more students centric methods, their participation in learning and problem solving methodology. Even planning more education tours, industrial visit, cultural events will minimize the barrier of communication among students and teaching and helpful for developing healthy atmosphere for teaching and learning both.

### **2) Status Of Institution Role, Duties And Responsibilities:**

**Students are happy, satisfied and highly inspire with institution role in various concerned.** The institution promotes internship, student exchange program and field visit activity which are benefited in all the field for the future exposure of students. More than 93% of students appreciate the sincere efforts of institutions to

provide multiple opportunities to learn and grow and also admit (More than 91%) facilities for cognitive, social and emotional growth.

Students are strongly agree (89.7%) regarding with efforts of institution concerning to keeping high quality of teaching and learning. However institution has more scope (11%) in conducting soft skill, life skill and employment oriented programs. It also needs to take more efforts to engage students in the monitoring review and continuous quality improvements of the teaching and learning process.

### **3) Students Remarks/ Suggestions About All Academic And Facilities Concerned:**

Overall students found **satisfied and happy with the institution role, duties and responsibilities along with academic staffs**. They fearlessly reported their responses and appreciated all the academic, curricular and extracurricular aspects. However there are some suggestions from students which are mentioned below...

- 1) More frequency and regular unit test.
- 2) Give only grades for practical & internal assessment.
- 3) Thumb base attendance should be introduced.
- 4) Provide drinking water facilities.

### **4) list of suggestions / issues resolved ( from SSR 2020-21):**

- 1) Adopt students motivating teaching strategies
- 2) Increase book stock in library with more foreign author publishers
- 3) More windows for students for office bearing work
- 4) Some new drinking water tap added

**\* FUTURE SCOPE**

- **Institution has more scope in conducting soft skill, life skill and employment oriented programs.**
- **Planning for more industrial exposure of students**
- **Implement more social awareness in building program**
- **Work hard over every suggestions**
