Certificate

This is to certify that the documents attached in **Criterion IV**
INFRASTRUCTURE & LEARNING RESOURCES (4.1.1) are verified and
found correct to the best of my knowledge.

Principal
Dr. H. N. Sinha College
Patat, Dist. Akola

Institutional Facilities for Teaching and Learning:

The institution maintains a robust infrastructure designed to provide a high-quality educational experience for senior college students. By balancing academic resources with physical amenities, the college ensures that all learners have access to a supportive and well-equipped environment.

- 1. Academic Infrastructure and Classrooms:** The college features a sufficient number of classrooms that are spacious and designed for comfort. Each classroom is well-furnished and benefits from excellent ventilation, large windows, and proper lighting and fan arrangements. To ensure a professional learning atmosphere, the support staff carries out the cleaning of these rooms on a daily basis.
- 2. Laboratory and Practical Training Facilities:** To bridge the gap between theory and practice, the institution provides specialized laboratories. These labs are managed by teaching faculty and technical assistants who perform regular calibration of instruments to maintain accuracy. The computer laboratories are particularly well-maintained, with an institutional technician and lab attendants handling routine servicing and troubleshooting to ensure all computing equipment is updated and functional.
- 3. Library and Information Resources:** The library acts as the primary academic resource centres under the direction of a qualified librarian. It is managed through a systematic budget that covers the acquisition of new titles and the maintenance of existing collections. The library staff performs regular stock verification and ensures that the reading room remains a quiet and organized space for students to study and conduct research.
- 4. Sports and Physical Education Facilities:** The institution recognizes the importance of physical health in the overall development of students. Both indoor and outdoor sports facilities are available on campus. The outdoor grounds are maintained for traditional sports such as Volleyball, Kabaddi, and Kho-Kho, while dedicated indoor rooms provide space for Table Tennis, Carrom, and Chess.
- 5. Budgetary Allocation and Maintenance Systems:** All facilities are governed by a structured maintenance policy overseen by the Principal. Specific budgetary provisions are made annually for various departments, including repair, maintenance, and the upgrade of support facilities. Monitoring committees are responsible for ensuring that funds are utilized transparently and that all equipment undergoes a thorough check of warranty and service terms before and during use.
- 6. Support for Diverse Learners:** The academic framework is designed to cater to students of all levels. The institution uses its facilities to implement meticulous lesson plans that address the needs of both slow and advanced learners. This ensures that the teaching-learning process is inclusive and focuses on the continuous improvement of academic standards.
