

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

From the year of 2017-18, the Government of Maharashtra has stopped the student council election in Maharashtra Universities and Colleges. Hence the college has not formed student council in 2024-25. But in order to increase the participation of the students in academic and administrative activities, the college has involved students in various committees such as College Development Committee, Cell for the Prevention of Sexual Harassment, Youth Festival Committee, Annual Gathering Committee, College Sports Committee, NSS Committee, CDC, IQAC, etc. The students of our college have a valuable contribution to make for the overall improvement of the college. Their involvement in the operation of the college is itself a valuable part of the education process for them. Our college provides an opportunity for students to engage in a structured partnership with teachers, parents and college management in the functioning of the college. our college gives students an opportunity to acquire the sort of communication, planning and organizational skills which will be of benefit to them in future. It enables the students to take responsibility for projects, and to demonstrate that they can manage and bring such projects to a successful conclusion. Moreover, the contribution of the Students' Council in the College Development Committee (CDC) for the development of the college policy in a number of areas is of significant benefits for the students and the college. The Council plays an important role in the College Cleanliness Campaign. It organizes sports and cultural events in the college e.g. district level sports events, cultural events and competitions, tree plantations in the college premises and also in the city. It also plays an important role in maintaining discipline in the college and also actively participates in the mechanism established by the college to sort out the grievances among students. The main role of our Student Representation is to promote the interests of the college and the involvement of students in the affairs of the college, in cooperation with the board, parents and teachers.
